Mount St. Mary Academy is committed to working with families to make our educational program available to a variety of young women who desire to attend. All families must carefully consider the best means of funding their daughter's education. Along with a limited tuition assistance program, Mount St. Mary Academy has three payment plans available to help families meet these costs. Tuition assistance covers only a portion of tuition. Families will be responsible for remaining tuition costs and all fees.

INTERNATIONAL BACCALAUREATE

Fees and payment requirements associated with this program can be found in the curriculum guide.

ADDITIONAL COSTS

Students enrolled at Mount St. Mary Academy are responsible for purchasing all required textbooks, uniforms, lunch accounts and other special programs.
